

华中农业大学分会场

华中农业大学第二综合楼报告厅 / 线上直播

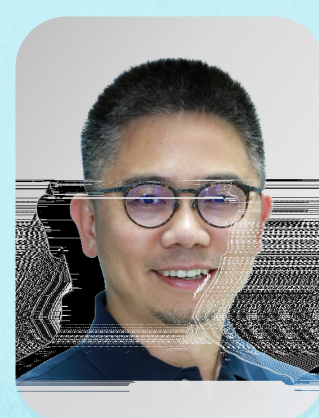

Session I 03月16日 09:00 - 12:00

Improving nitrogen use efficiency drives toward sustainable Green Revolutions

Root meristem protection under salt stress

RNA regulation in plants

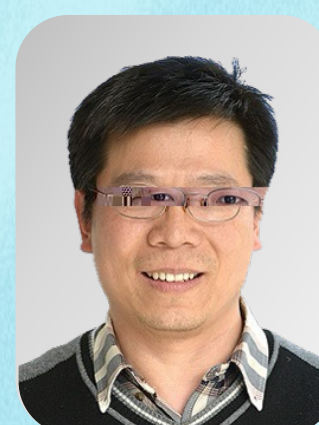

An atlas of transcriptome in pig skeletal muscles

Session II 3月18日 14:30 - 17:10

Kenichi Tsuda

Molecular regulation of hematopoietic stem cell development

Chromatin structure and dynamics in gene regulation and human diseases

Time, space and single-cell resolved molecular trajectory of cell populations and the laterality of the body plan at gastrulation

Gene expression regulation by RNA modification
